

# HYOGO UNIVERSITY OF TEACHER EDUCATION (HYOGO)

The Hyogo University of Teacher Education has specialists in a variety of educational fields supporting its “Graduate School for Teaching Staff”. Research of timely and essential concern at the schools is conducted in collaboration with elementary, middle, and senior high school teaching staff.

## ◇ University overview

### ○ Characteristics and history

Hyogo University of Teacher Education was founded in October 1978, and mainly in both our graduate School of Education (master’s course), which conserves opportunities for advanced research and study in depth of school education by in-service teachers, and the School of Education, which fosters elementary school educators. Furthermore in April 1995, the Joint Graduate Schools in School Education at Hyogo University of Teacher Education established the first doctoral program in the field of teacher training in Japan. We, Hyogo University of Teacher Education are the university with approximately 1,600 students study in our undergraduate and graduate programs and with teaching staff experts in a wide range of fields.

## ◇ Outline of the course for Teacher Training students

### ○ Characteristics of the program

The teacher-training program at Hyogo University of Teacher Education (HUTE) is designed for school teachers from foreign countries (referred to as international school teachers) seeking for higher levels of pedagogical competence and abilities. This program provides a broad range of opportunities for interdisciplinary study and research in school education. The Graduate School teaching staff provide research opportunities to meet the needs and interests of the international school teachers.

○ Number of students to be accepted : 7

### ○ Outline of the course

<Japanese language education> October 1, 2018 – March 31, 2019 (6 months)

The international school teachers are required to take the Japanese Language Course at an institute (usually at Kobe University) for 6 months: October 1, 2018 – March 31, 2019.

Then, supplementary classes for Japanese language are offered at HUTE (once a week): April, 2019 – March, 2020. “Current State of Education in Japan” (30 hours) is also provided in the Graduate School: April 1, 2019 – March 31, 2020.

<Specialized training Professional studies> April 1, 2019 – March 31, 2020 (One year)

Each international school teacher pursues his or her professional training according to his or her individual program; taking classes with Japanese graduate/undergraduate students, special classes in English, if necessary, a special seminar under the guidance of the international school teacher’s academic supervisor, and educational practicum at the university’s attached elementary and secondary schools. The program is based on the international teacher’s academic interests, Japanese language ability, and professional competence. Since most classes are conducted in Japanese, it is desirable to achieve a certain level of Japanese language ability through the six months of language training in Japan. It is possible, however, to complete studies in English in some fields.

<Participatory subjects such as field trips and regional exchanges>

Study Tours, Fieldtrips, and other Educational Activities, The Kato City International Exchange Association and volunteer organizations provide international school teacher study tours, cultural fieldtrips, and exchange parties and meetings.
